

CALL FOR GRANT APPLICATIONS

We're building the world's largest offshore wind farm 130km off the Yorkshire coast, with connections to the National Grid near Beverley in East Riding of Yorkshire, and Lackenby on Teesside.

Did you know we're awarding grants up to £500 for community projects near our construction and operation bases?

We're looking for community groups in the East Riding and South Tyneside areas which:

- enhance quality of life for local residents;
- contribute to vibrant, healthy, successful and sustainable communities; and/or
- promote community spirit and encourage community activity
