Dear Tom,

our next council meeting is 18/7/16. Is it possible to wait until then for our suggestions? In the meantime I will try to locate the document regarding using the names of the fallen from local war memorials.

Many Thanks

Dear Judith

Thank you for your email.

Please may I ask that you supply correspondence relating to the agreed strategy you mention in regards to naming streets after the names of the fallen or local war memorials? I do not have any record of this.

In addition, we welcome any suggested names that you wish for us to use for this development. I can propose these to the developer if they meet our SNN policy. Generally speaking what we deem the most appropriate suffixes for new streets gets used and this has been determined by our SNN Officer.

Kind Regards

Dear Tom,

at a meeting of the council held on 20th June 2016. The council made the following comments regarding this email:-

The council strongly object to the use of the names of military aircraft . Instead they ask East Riding Council to use the agreed strategy of taking names of the fallen from local war memorials or alternatively ask the council for suggestions of names of citizens who have had a positive impact in the community.

Dear Sir or Madam

Street Naming and Numbering Under Section 17 – 19 of the Public Health Act 1925 and Section 34 of the Humberside Act 1982:

Location: Land West Of, Lincoln Way, Beverley, East Riding of Yorkshire

I have received a suggested name from BDW Trading Limited the developers of the above site that is not from your agreed name bank (if you have provided us with one) and would be pleased to receive your comments on the proposed street name listed below:-

Hurricane Close

Manchester Close

Lancaster Avenue

Halifax Garth

Stirling Drive

If I do not hear from you within 28 days, it will be assumed you have no comments to make on the above proposals and I shall continue with the naming and numbering of this development.

If an objection is made to the proposed street name(s), then I require a justified reason for the objection. The Address Management Team is only likely to consider an objection justified if the name will create potential confusion or difficulty for emergency services in locating the street.

You may submit an alternative name(s) for consideration, however the Address Management Team will have the final decision on new street names. Please see the Street Naming and Numbering Policy for guidance.

If you have any queries, please do not hesitate to contact me.

Yours sincerely

Tom Law
