Hi Judith

Thank you for your prompt reply,, As stated in the letter you kindly donated £1000.00 last March which has helped us for the last 14 months, we haven't been able to buy any equipment this year but the children have been very thankful that we have managed to stay open. If we were lucky enough to receive the same amount again then hopefully with the youth club also trying to do some fundraising in the Summer we would thrive again for another year or so. If nothing can be done beforehand could you please present our application on the June Agenda. When the small shortfall occurs in the next few weeks we will cross that bridge and somehow find the money until the next Woodmansey Parish Council meeting in June.

Thanking you

Sue Cockerton

Hi Sue,

I am really sorry but I am afraid the council can not make a decision about a matter that is not on the agenda. The agenda has to be posted at least 3 clear working days before a meeting (ie typically the Tuesday before the Monday meeting) and once issued it can not be changed. I will discuss the matter with members on Monday an explore legal options open to us. Can you advise how much funding you are looking for?

Many thanks

Judith Roberts
Clerk to the Council

Dear Judith Roberts

We are sorry for not forwarding this earlier but we was unaware until we spoke to Ros Jump today that we had to give 10 days notice so that the application could be added to the agenda.

We have attached copies of expenses as you can see by the figures our monies will run out before the next Woodmansey Parish Council meeting, However the week commencing 31/05/2016 the youth club will be closed for half term, therefore our shortfall would be approx £100.00

We would also like to thank you for your donation we received from yourselves in March 2015 this helped the club continue to run and offer a service for young people , unfortunately the funds have almost run out.

.Just before Christmas 2015 we where visited by Darren Lawler from YFS (Fast

Riding Council) who initially supported setting a group up of attendees to bid on the PAG award, However after the Christmas break we saw the number of attendees drop and prevented the bid being able to meet the deadline.

The number of attendance of youths has now again increased (apx 20 now attend) and we are currently in the process of arranging a bag pack day at the local supermarket nearer to summer, we are hoping to use any money raised from this to go towards some new equipment.

We hope that you would consider a further contribution to the running of the club.

Kind Regards

Sue Cockerton
